ASSEMBLE 
ASSOCIATION OF EUROPEAN MARINE BIOLOGICAL LABORATORIES EXPANDED

Apply for Access to

Top-Class Research Infrastructures

with **ASSEMBLE Plus**

CALL OPENS:
21st January 2019

ASSEMBLE Plus offers transnational access to over 30 marine research installations in 15 countries across Europe and overseas.

With a special focus on young scientists and small to medium-sized enterprises, successful applicants will be able to carry out scientific research in the marine science field of interest.

ASSEMBLE Plus sponsors teams of up to two researchers to:

- Access the available research infrastructures (outlined below)
- Travel (one round trip per person in economy class)
- Subsistence (meals and accommodation for up to 30 days including weekends)
- Shipping of material (from the Access Provider to the researchers' home institution, up to € 400).

Please check for updates on available services, call dates, application procedures and any further information on current and upcoming calls for access on: www.assembleplus.eu

AVAILABLE RESEARCH INFRASTRUCTURES COVER:

ACCESS TO ECOSYSTEMS

research vessels,
SCUBA diving facilities,
submersibles

BIOLOGICAL RESOURCES

marine model organisms,
culture collections, biobanks

TECHNOLOGY PLATFORMS

molecular biology and -omics
imaging, bioassays, structural
& chemical analysis

EXPERIMENTAL FACILITIES

tanks, mesocosms,
bioreactors, wet & dry
labs

E-SERVICES

data sets, data analysis,
computing, storage
