

# Want to develop state-of-the-art imaging technologies for the **ocean**?

The COLOR LAB in Eilat has one fully funded position for an *outstanding*

## Postdoctoral researcher

to design and/or adapt state-of-the-art optical sensors to an aquatic environment.

The ideal candidate for this position:

- Has a background in mechanical/electrical/aerospace engineering, robotics or computer science,
- Has some experience in mechanical design,
- Is highly motivated to learn fundamental aspects of visual ecology and work comfortably across disciplines,
- Enjoys living near the sea and working at sea,
- Has good inter-personal skills, is a team-player with a positive attitude,
- Is fluent in English.

Researcher will be based in Eilat. Funding is for one year, with the possibility to extend to 3 years upon good performance. Position can start as early as October 2022. International applicants welcome! Send: 1) a short cover letter expressing why you are a good fit for this position, 2) up-to-date CV, 3) list of publications to: **dakkaynak@univ.haifa.ac.il**.

The LABORATORY FOR COMPUTATIONAL OPTICS & LIGHT IN THE OCEAN REALM (COLOR Lab, est. 2022) is a part of the Hatter Department of Marine Technologies at the University of Haifa (<https://www.marinetech.haifa.ac.il/>), and is located at the Interuniversity Institute for Marine Sciences in Eilat (<http://iui-eilat.ac.il/>). PI: Dr. Derya Akkaynak

Interuniversity Institute for Marine Sciences in Eilat.
